

132 Avenue Renewal East Collector Renewal

September 2026

Edmonton

132 AVENUE EAST COLLECTOR RENEWAL SCHOOL BULLETIN

Year 3 of 132 Avenue Collector Renewal construction continues.

Once complete, 132 Avenue will include one lane of traffic in each direction with a repaved road, widened sidewalks and new active transportation lanes. This ensures all Edmontonians can use 132 Avenue safely, whether they're walking, biking, rolling or driving.

In 2027, construction will include work on the parking lot in the back of the school. This work will increase parking and drop-off and pick-up capacity around Archbishop O'Leary Catholic High School.

The Project Team is committed to keeping community members informed during construction. Updates on construction will be posted at edmonton.ca/132Avenue. You can also sign up for email updates on the web page.

Construction update

Construction is complete in front of Archbishop O'Leary Catholic High School!

132 Avenue between 86 Street and 90 Street is now open, with one lane of traffic in each direction. Construction continues on 132 Avenue between 82 Street and 86 Street.

It's important to note, while construction continues between 82 Street and 86 Street, vehicle traffic must access 132 Avenue via 90 Street, 88 Street or 86 Street.

Please see the detour map below for access information during this stretch of construction.

The sidewalk is complete and open for use from 97 Street to 82 Street.

While access to the school is maintained, the closure may result in additional traffic congestion in the area. It is recommended to leave extra travel time or use active mode options and public transportation.

Full access to 132 Avenue between 82 Street and 90 Street is expected to be restored by the end of October.

ETS DETOURS

During construction, a number of ETS and school special routes will be detoured around the construction site. A temporary bus stop (marked in dark blue on the map) will be available for the School Special routes on the east side of 90 Street, between 132 Avenue and 133 Avenue. For more information on the detours and temporary bus stop locations, please visit edmonton.ca/TransitAlerts.

ACCESS IMPACTS

To keep everyone safe during construction, the Project Team asks you to:

- Follow all signage and any site crew directions

- Drop children off from the passenger side of the vehicle
- Do not stop in driving lanes or crosswalks
- Limited parking for students is available on 132 Avenue. This area is shown in black on the map

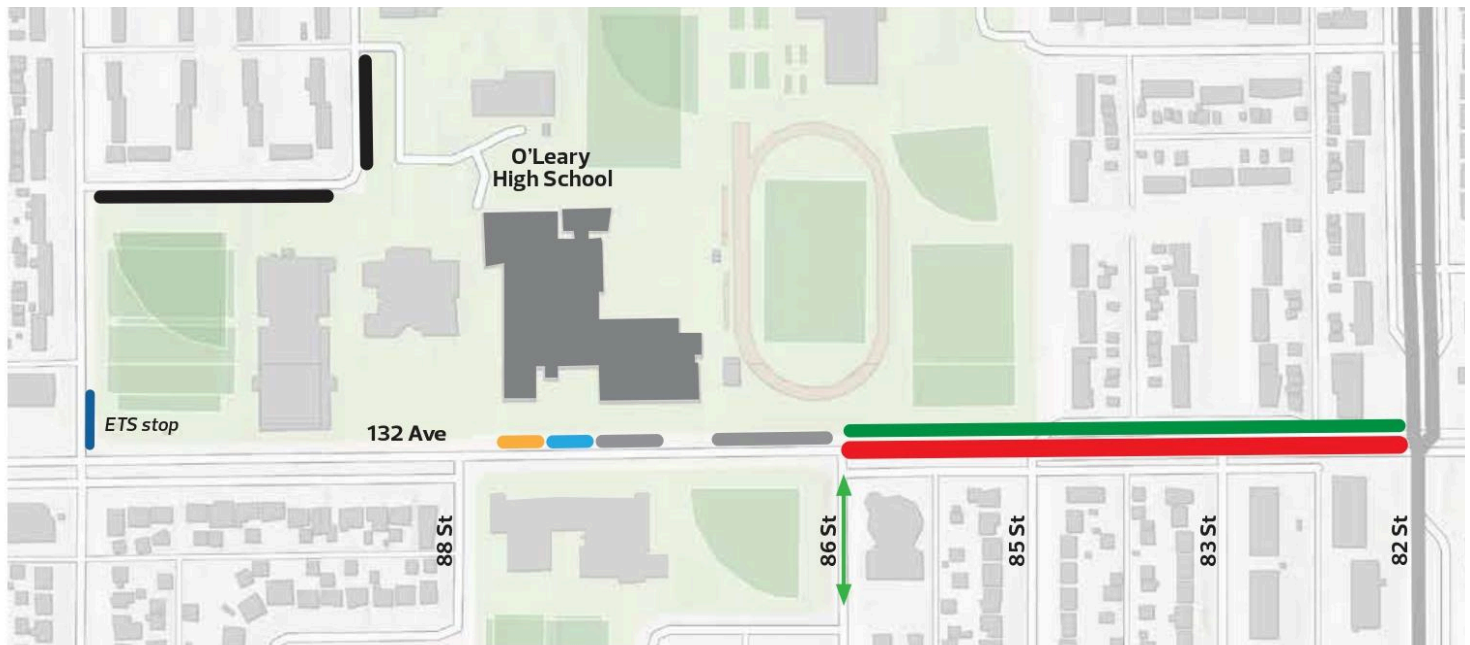

The map at the bottom of this bulletin shows pick-up/drop-off zones, including specific areas for those with accessibility needs/limited mobility.

To help reduce congestion on 132 Avenue, parents/guardians are encouraged to pick up or drop students off in the area northwest of the school, if possible, shown in grey on the map.

One zone for those with accessibility needs/limited mobility is located in front of Archbishop O'Leary Catholic High School. This zone is shown in light blue on the map.

STAYING INFORMED

For questions related to 132 Avenue, please contact:
