PLUMBER

Apprenticeship Program

at Archbishop O'Leary High School

- Earn high school credits in plumbing, and the First Year Plumber Apprenticeship training.
- Learn in a specially-designed plumbing classroom – the only one of its kind in a high school outside of Ontario.
- Experience practical shop work at the state-of-the-art Alberta Pipe Trades College.
- Gain experience and confidence through SKILLS competitions.
- Earn while you learn! Work part-time as a Plumber's Apprentice while you complete high school.
 - Get the First Year Plumber Apprenticeship training for free!

GAIN RESPECT

Skilled trades play an important role in our economy and society; Canada depends on skilled tradespeople to keep our country working.

EXPAND CAREER OPPORTUNITIES

Combine school-based learning with on-the-job training! Apprentices get the best of both worlds; certification that comes with real world experience.

EARN GOOD WAGES

Wages for tradespeople have been increasing for many years and apprentices begin to make money from their first day at work.

Begin this TWO-YEAR PROGRAM in Grade 10 or 11

YEAR 1

One semester, half day program, where students earn 6 credits in Construction (CON) and safety courses related to the Plumber trade.

YEAR 2

One semester, half day program, where students earn 10 credits in the Plumber Apprenticeship (PLA) courses. Students will travel to the Alberta Pipe Trades College for practical shop experience.

PARTNERS

Important partners are working together with the Edmonton Catholic School District to make the Plumber Apprenticeship Program a success:

- The United Association of Plumbers and Pipefitters Local Union 488
- The Alberta Pipe Trades College
